Papers

- M. Kawami: On the spin-preserving symplectic groups modulo two, Kobe journal of Mathematics, vol.24 ; no.1, 2007, pp. 53-66.

- M. Kawami: On self-diffeomorphisms of a non-orientable surface with a pin structure, preprint, 2008.

Thesis and Dissertation

- M. Kawami: Mapping class group of a surface and constructions of 3-manifolds by Dehn surgery.
  Master thesis in Osaka-City University, 2003.

- M. Kawami: On the spin-preserving symplectic groups modulo two, Dissertation in Osaka-City University, 2007.

Proceedings and Articles

- M. Kawami : Mod two spin-preserving symplectic groups and genus two surface-knots,
  in the Proceeding of "Topology of Knots VIII", pp.127-136, 2006.

- M. Kawami : Pin structures and spin structures on surfaces,
  Hokkaido University Technical Report Series in Mathematics $\sharp$ 126, 2008, pp.123–126.
