

# Empowering Inclusion: The Vital Role of Occupational Therapists in Malaysian Education

**講師 : Dr. Hasrul Bin Hosshan**

Head of Coordinator, Centre for Inclusive Research on Community and Disability (CIRCLE), Faculty of Human Development from Sultan Idris Education University, Perak, Malaysia

Hasrul先生はシドニー大学で学位取得後、マレーシアの国立スルタン・イドリス教育大学にてインクルーシブ教育の研究を行っています。

今回、マレーシアにおけるインクルーシブ教育の推進における作業療法士の重要な役割についてお話いただきます。

This talk illuminates the vital role of occupational therapists in promoting inclusive education in Malaysia. Exploring the significance of inclusivity, it highlights occupational therapy's alignment with educational goals and its potential to address challenges like resource scarcity and societal biases. Emphasizing collaborative efforts, it showcases how occupational therapists assess needs, develop tailored plans, and support students and educators. Through compelling case studies, it illustrates the positive impact of cooperation between occupational therapists and educators. Looking ahead, it proposes strategies for enhancing their role through professional development and advocacy. Ultimately, it urges collective action to foster inclusive learning environments for all students.
